<h3><span> style="background-color:violet"> I chose facebook because it is the most used and the
easiest way to communicate with friends and family. Facebook is the most commonly used app/site to
communicate with everyone or to have new friends. It is built to be the center of socialization here on
earth. </h3>

<h3><span> style="background-color:violet"> During the pandemic, I tend to just watch YOUTUBE. But
in my boredom, I found netflix very entertaining. I watch films and series and spent almost all of my
time using netflix. This one saved me from my fear of getting covid and kept me entertained while Im
inside the house. I recommend it to other people who still havent watched everything on netflix. </hr>
